

QUALITY POLICY

Based on our business code, **ECO33 (PVT) LTD** is committed to provide complete solutions to all our stakeholders consistently, for the scope of “**MEP; Mechanical, Electrical, Plumbing Solutions**” by optimizing our potentials through synergic approach on energy sustainability, quality, competency, dedication, professionalism, and maximizing the use of “state-of-the-art” technologies for solutions. Same as complying to all interested parties’ quality, statutory-regulatory, and all other requirements, we are continually improving the quality management systems of ours.

We are committed to,

- Ensure the adequacy of quality oriented, adroit aspects for all solutions
- Positively and progressively adapting to the changes of the business
- Set targets on operational quality improvements
- Establish productive communication channels

.....
Mr. Dammica Wickramaratne,
